

EventQR

Guest experience, RSVP, check-in, and event operations

events.vsgs.io
info@devopclinics.com
June 2026

The complete event workflow from invite to door to table.

EventQR helps organizers create branded invite pages, collect RSVPs, send WhatsApp/SMS/email invites, check guests in by QR, manage entry areas, seating, orders, deliveries, gift lists, and live Results in one pay-per-event platform.

WHAT IT REPLACES

Invites & RSVP

Open links or personal invite links, approvals, deadlines, guest import, and broadcast updates.

Check-in

Browser-based QR check-in for staff, no guest app required, with a live audit trail.

Entry areas

VIP, backstage, main hall, gates, ticket rules, tag rules, occupancy, and journeys.

Seating & Orders

Tables, guest assignments, meals, drinks, gifts, merchandise, and live order totals.

Deliveries

Aso-ebi, merch, welcome bags, vendor packing lists, addresses, and fulfilment status.

Gift list

Wishlist items, cash funds, claims, and direct giving without EventQR handling money.
