

The complete guest-experience platform — from invite to the door, and everything inside.

Invitations & RSVP · WhatsApp/SMS/email · QR check-in · venue access & zones · seating · catering · merch & gift logistics · gift registry. One platform. Pay per event. Built for Nigeria 🇳🇬 & the US 🇺🇸.

ONE PLATFORM, EVERY STEP

Invite & RSVP

Branded pages · WhatsApp/SMS/email · open or per-guest links

QR check-in

A personal QR per guest — instant admission, no app

Venue access

Zones, tag/ticket rules & gates · scan in/out · live occupancy

Seating & catering

Auto-seating · meal choices · live kitchen orders by table

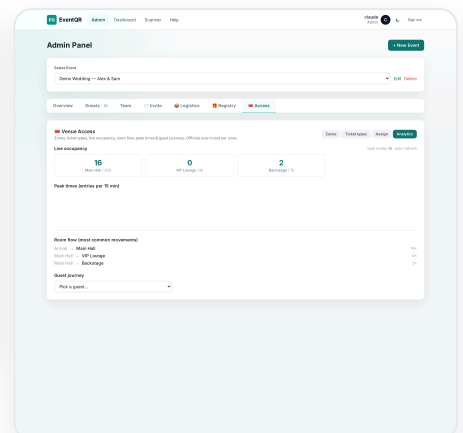

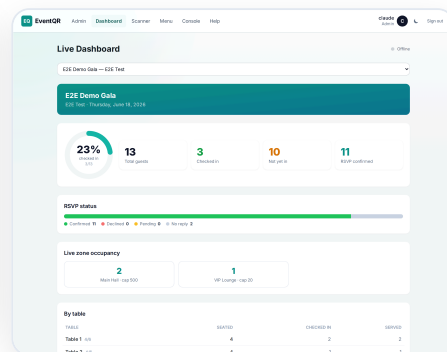

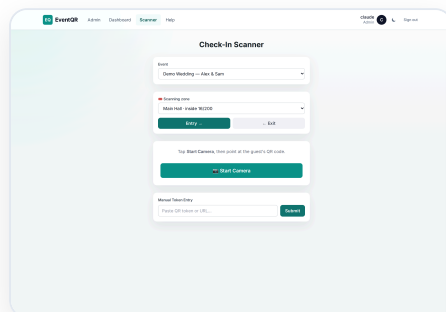

Logistics & registry

Ship aso-ebi / merch & gifts · mark-only gift registry

Live dashboard

Real-time check-in, RSVP, occupancy & per-table reporting

WHY EVENTQR

- **End-to-end system of record** — one dataset from invite to the door to the table; competitors cover just one slice (ticketing or invites or check-in).
- **Built for two markets** — WhatsApp-first invites & Naira pricing for Nigeria; premium check-in & USD for the US.
- **Access intelligence** — tag-driven zones & gates that ticketing tools don't offer.
- **Operations others ignore** — catering-by-table, aso-ebi/merch logistics, gift registry.

Simple pricing

Free to start — email invites, up to 25 guests. Buy an **Event Pass per event** to unlock SMS/WhatsApp, QR check-in, seating, venue access, logistics & registry. Top up message credits as needed. **No subscription.**
