FESTIO KNOWLEDGE UPDATE · OCTOBER 6, 2026

Current capabilities and operating limits

> Read these current instructions before the original material that follows. Earlier presentations, proposed workflows and screenshots are historical context. They do not override the limits below or prove a feature passed a venue rehearsal. Prices and customer-specific commitments must be confirmed separately.

Capability	Implemented behavior and conditions
General admission	QR/manual admission with immediate result feedback; event, staff access and guest rules still apply.
Offline preparation	Prepare this scanner online. An event-matched manifest expires after 30 minutes. Eligible general admissions can be queued locally while the page stays open.
Reconnection	Server revalidates saved admissions. Needs review means not accepted. Resolve and retry; do not clear browser data with pending records.
Junior handoffs	Online authorized guardian QR, or permitted staff identity verification and selection. Pending/unrelated authorizations cannot release a junior.
Daily/session attendance	Online records distinct from admission. Daily attendance uses event-local dates. Session checks enforce eligibility, timing and capacity; an age override requires authorization and a reason.
Multi-day programme	All configured dated sessions with valid times, rooms, speakers and age groups. Search does not override eligibility; absent speaker details need organizer input.
Speaker Q&A / quiz	Separate moderated Q&A activities per speaker/session; guests can ask again. Timed quiz countdown/reveal/advance requires active timing and Guided Show automation.
FestioMe	GuestHub entry, chats, permitted DMs, invite-only groups, meetups and moderator controls. Announcement channels are read-only for ordinary guests.
Broadcasts	Review explicit/ticket-type recipients, channel consent and credits. Queued is not delivered; inspect final delivery records. Scheduled dynamic/frozen audiences are separate choices.

Not established: offline startup/reload, offline junior release, shared duplicate/occupancy state between disconnected devices, passive RFID, guaranteed network speed, or complete parity with another platform.

OPERATING HANDOVER

Rehearse the complete flow

Prepare → Record → Reconcile

Current operating procedure · October 6, 2026

1. ONLINE PREPARATION

Correct Active event

Prepare this scanner

Verify count + expiry

30-minute saved manifest

2. SHORT OUTAGE

Keep the page open

Eligible QR / manual admission

Blue result = locally queued

Duplicate checks: this device

3. RECONNECT

Sync saved check-ins

Server revalidates every record

Resolve Needs review

Do not clear pending records

Keep protected operations online

Guardian handoffs · daily/session attendance · check-out · live admission requirements

No offline startup/reload or cross-device duplicate guarantee. Rehearse with the venue network.

1. **Before arrival:** verify external registration/import ownership, guest identifiers and phone countries; publish the programme and validate all dates/rooms/speakers.
2. **Staff briefing:** assign event access and station actions. Demonstrate admitted, duplicate, denied and locally queued outcomes. Check the guardian authorization list and permitted verification method.
3. **Outage rehearsal:** use fictional guests on staging. Prepare a scanner online; disconnect, queue an eligible admission, reconnect, inspect reconciliation and a rejected record. Repeat on actual venue devices.
4. **Programme rehearsal:** demonstrate daily presence, session entry/exit, age denial and authorized exception. Confirm that an exception does not bypass capacity, timing or guardian rules.
5. **Live rehearsal:** submit two questions to the correct moderated speaker queue. Run a separate timed quiz, checking guest countdown, display reveal, next/previous and clear-display controls.
6. **Communication:** create a fictional group/meetup, inspect read-only announcements, then preview a selected broadcast audience. Send only to explicitly approved test recipients and verify delivery.
7. **Closing:** reconnect all scanners and resolve pending records before ending the event. Reconcile contributions, export permitted records and retain audit evidence.

Conference Center, website publication/FAQs, Giving Hub/finance, session materials, certificates and versioned Academy are documented in the full Help guide. Availability depends on configuration, permission and entitlement.

Current reference: /media/festio-current-operations.html
Full Help: /guide.html · **Academy:** /training

> This is documentation of implemented workflows, not a venue readiness certificate. Existing tests and dates in the original material remain historical. Event-owner approval is still needed for factual schedules, candidate lists, consent language and contact details.

Festio × NCNMO

Platform 2026

One guest. One credential.
One connected experience.

From registration and arrival to programs, meals, Junior Platform, engagement and reporting.

OUR FOCUS: IT and security • Event operations • Product design

events@festio.events | festio.events

Who Is Festio For?

For organizers who need invitations and event operations to work together

PRIMARY TARGET

Guest-list-driven event organizers

Teams managing RSVPs, communication, seating and live guest operations.

1

WEDDINGS & CULTURAL EVENTS

Couples, families, planners and committees

Private invites • WhatsApp • Seating • Meals • Gifts

2

PROFESSIONAL PLANNERS

Independent planners, agencies and production teams

Budgets • Vendors • Tasks • Teams • Live visibility

3

CORPORATE & CONFERENCES

People teams, marketers and conference organizers

Registration • Ticketing • Access • Sessions • Reporting

4

GALAS & COMMUNITY EVENTS

Nonprofits, associations, schools and community groups

Guest lists • Tables • Sponsors • Gifts • Volunteers

5

VENUES & SERVICE PARTNERS

Venues, caterers, hospitality and logistics teams

Counts • Seating • Orders • Service • Fulfillment

THE FESTIO SWEET SPOT

Private or curated events • 50–5,000 guests • Multiple teams • Multichannel communication • High-touch event operations

If guest experience and event execution must work together, Festio is built for the job.

events@festio.events • festio.events

The Festio Needs for NCNMO

Eight things Platform 2026 asks of an event system.

FIVE DAYS, MANY PROGRAMS

Concurrent sessions need person-level attendance where it matters.

REGISTRATION & ID CARDS

About 2,000 registrants, an ID card template, and a unique QR on the back.

JUNIOR PLATFORM

Student check-in and check-out, guardian handoff, clinic and field-trip movements.

TEACHERS & VOLUNTEERS

Check in and out with their own QR badge; every scan recorded with the time.

MEALS & SOUVENIRS

Nine meal services, a Gala for about 900, and souvenirs, each collected once.

MOMENTS OF PARTICIPATION

Anonymous entries, polls and quizzes: Afropreneur, Quran, Ask the Sheikh, Singles Night.

COMMUNICATION

Text and WhatsApp updates, group chat for approved adults, and feedback analysis.

A TEAM THAT CAN RUN IT

Volunteers use their own phones. Simple roles, no specialist scanners.

SO FESTIO IS: Phone-based • One QR credential • Volunteer-friendly • Live from day one

Next: The challenge in numbers

events@festio.events | festio.events

Run a Five-Day Convention Without Losing a Single Guest

Everything has to work together, in real time.

5
days of concurrent programs

~2,000
guests already registered

9
meal services, including a Gala for about 900

1
volunteer-run team using their own phones

Arrivals check-in, ID card template, families and the Junior Platform, sport and field-trip sign-up, meals, sessions, participation and reporting all have to work together, in real time.

Next: The complete Festio platform

festio

Festio in Action

One platform adapted to different event models

One connected core

- Guests
- Invites & Tickets
- Events
- Seating & Meals
- Check-in & Access
- Reports & Insights
- Operations

WEDDING

Private invites → RSVP → Seating & meals → QR entry → Reception journey

CULTURAL CELEBRATION

WhatsApp outreach → Family groups → Gifts → Sections → Live coordination

CONFERENCE

Registration → Paid tickets → Sessions → Access zones → Attendance reports

GALA & FUNDRAISER

Guest list → Tables → Sponsors → Giving → VIP arrival

CORPORATE EVENT

Branded page → Approvals → Consent → Check-in → Engagement insights

PROFESSIONAL PLANNER

Budget & vendors → Team tasks → Multi-event operations → Client reporting

Same connected core.
Different workflows for every event.

Built for private events, curated audiences and high-touch operations.

events@festio.events • festio.events

One Guest Journey, From Invitation to Feedback

Every step updates one connected guest record.

1

INVITATION / WELCOME

RSVP or welcome link, shared by message or QR.

2

REGISTRATION

About 2,000 registrations imported; late sign-ups via link.

3

QR ID CARD

A unique QR credential, printed or on the phone.

4

ARRIVAL

Scan at the door; check-in is recorded once.

5

PROGRAMS

Sessions by age group; attendance where tracked.

6

MEALS & SOUVENIRS

Scan to collect; one collection per service.

7

FEEDBACK

Guest Hub feedback on the final day.

EVERY STEP: One guest record • One QR credential • One live picture

Next: Bringing registrations across

events@festio.events | festio.events

One Record and One Credential Feed the Whole Convention

Registrations in, every checkpoint writes back, one live picture out.

events@festio.events | festio.events

Bringing Your ~2,000 Registrations Across

We start from your data, so no one registers twice.

1

EXPORT FROM KNACK

A CSV of every registered participant.

2

MAP THE FIELDS

First name, last name, email, phone, age group, household.

3

TEST WITH A SAMPLE

Import about 50 rows and check the result.

4

IMPORT EVERYONE

Upload the full file; guest records are created.

5

RECONCILE

Compare counts with Knack; review duplicates and missing contacts.

6

ASSIGN GROUPS

Age groups and households applied from the file.

7

ISSUE QR IDS

Generate QR codes and Guest Hub links for everyone.

GATE: Knack export received • Guest count matches Knack • Late sign-ups re-imported at cut-off

Next: The guest experience

events@festio.events | festio.events

Every Guest Carries One Pass and One Hub

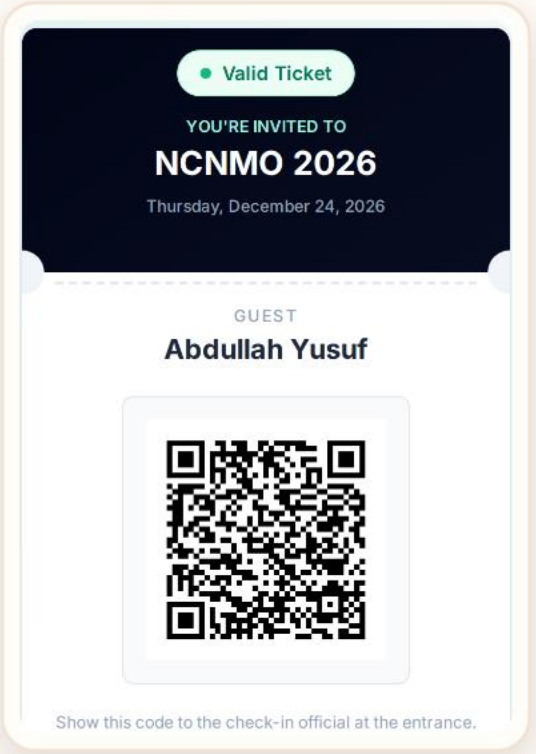

A personal link, no sign-up.

WHAT THE GUEST SEES

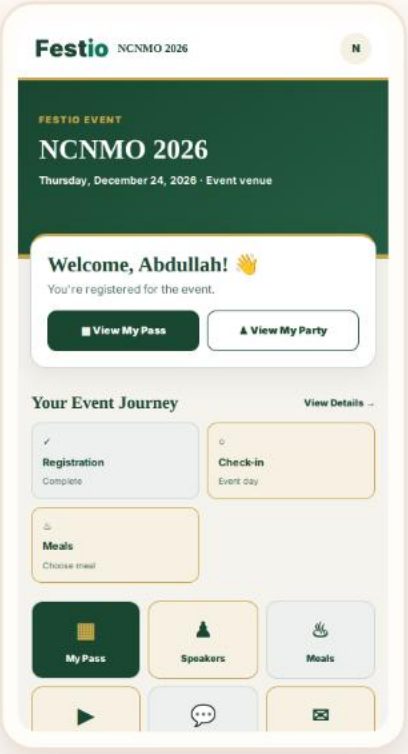

- A personal link, no sign-up
- Their QR pass, program, meals and Festio Live in one place

WHAT STAFF DO

- Send each guest their link
- Print badges for anyone who prefers paper, or print on the back of the ID card

Festio Pass: the QR credential

Guest Hub: all in one place

Next: The ID card

ID on the Front, QR Code on the Back

One credential for every guest: print it, pin it, or show it on a phone.

FRONT

NCNMO PLATFORM 2026

Guest ID Card

Abdullah Yusuf

Junior E · Age 9

Group E

GUEST ID · NCNMO-26-0005

BACK

SCAN TO CHECK IN

One code for arrival, meals and sessions.

ID · NCNMO-26-0005

If found, return to the registration desk

FRONT: WHO THEY ARE

Name, photo, age group and the printed guest ID.

BACK: THE QR CODE

A unique QR for each guest, printed beside the same ID.

SCAN WITH ANY PHONE

No specialist scanner. The same code works at every checkpoint.

Next: Check-in and check-out

What Festio Does From Day Zero to Closing

Five stages, one connected record.

BEFORE · DAY 0	DEC 24 · ARRIVE	DEC 25–26 · LEARN	DEC 27 · GALA	DEC 28 · CLOSE
Import registrations	QR check-in	Sessions	Gala entry	Feedback
Issue QR IDs	Badges and souvenirs	Meals	Gala dinner	Dashboard
Train the team	Guest Hub	Junior Platform handoff	Voting	Final check-out
Dry run	Occupancy	Q&A and quizzes	Live results	Reports and analytics

Session times are illustrative until NCNMO confirms the final program. Day-by-day detail is in the appendix.

events@festio.events | festio.events

Arrival, Check-in and Final Check-out

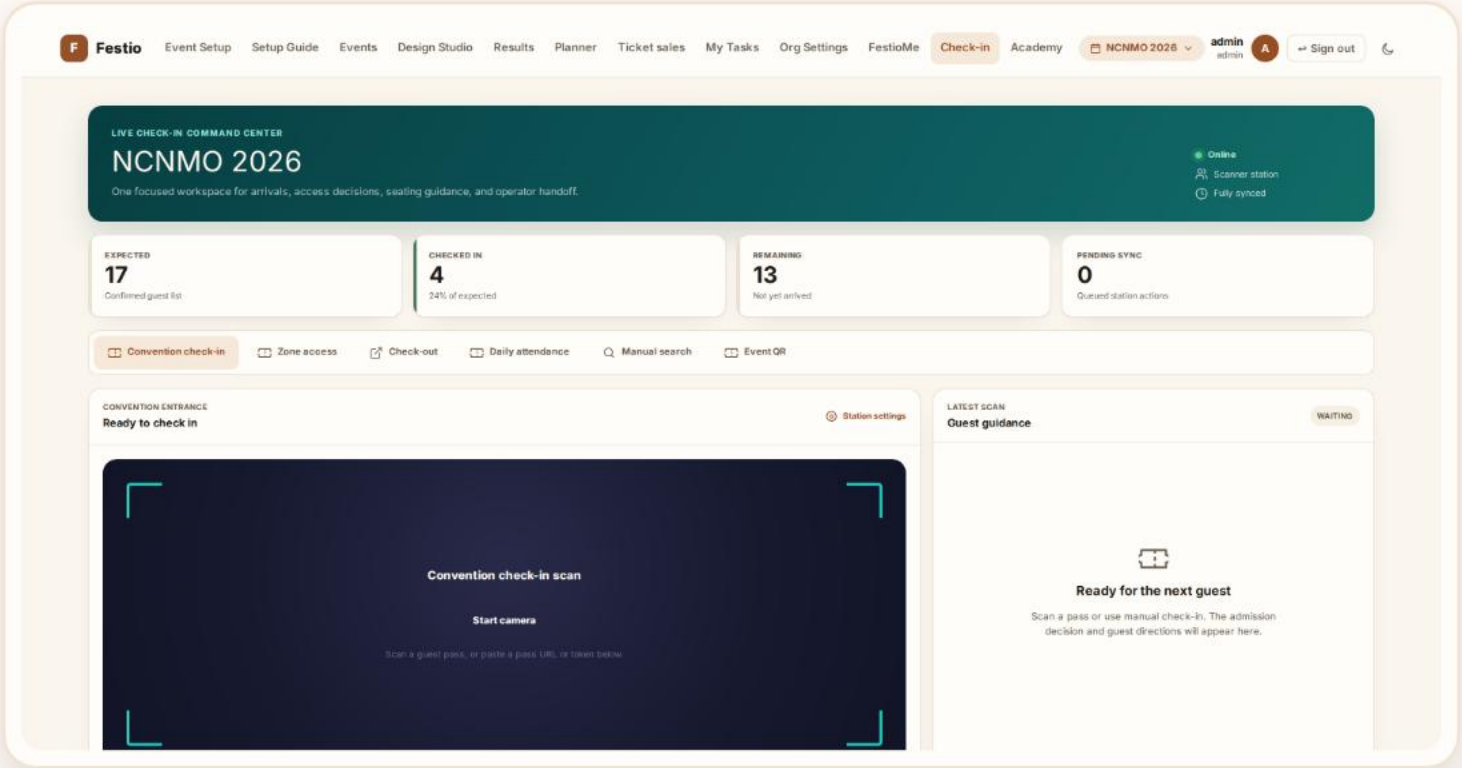

Scan at the door, scan again on the way out.

WHAT STAFF DO

- Scan at the door; manual check-in as a fallback
- Scan again at final check-out

WHAT NCNMO GETS

- Live occupancy by zone
- Flow and peak-time views

Live check-in command center (demo event)

events@festio.events | festio.events

How the Junior Guardian Handoff Works

A clear, recorded handoff every time a child enters or leaves.

1

CHILD ARRIVES

At a controlled Junior entrance with a designated staff member.

2

SCAN THE QR

The system shows the child's group and authorized guardians.

3

CONFIRM GUARDIAN

Staff match the person present to the authorized guardian.

4

RECORD DECISION

Child, guardian, area, direction, time, decision and operator.

5

REPEAT AS NEEDED

Every further movement through the day is recorded the same way.

READY WHEN: Guardians authorized • Staff at each entrance • Test scan passed

events@festio.events | festio.events

Meals and Souvenirs, Each Collected Once

Scan to collect, with no dish pre-selection.

WHAT YOU SEE

Nine meal services, Dec 24–28, with NCNMO's menu loaded, and a souvenir step at the distribution desk.

WHAT STAFF DO

Volunteers scan the pass at each station. One collection is recorded per meal service.

WHAT NCNMO GETS

Collection counts per meal, no duplicate collections, and souvenir distribution records.

ALSO: Gala for about 900 • Real menu loaded • Souvenir timing to confirm

events@festio.events | festio.events

Concurrent Sessions and Attendance

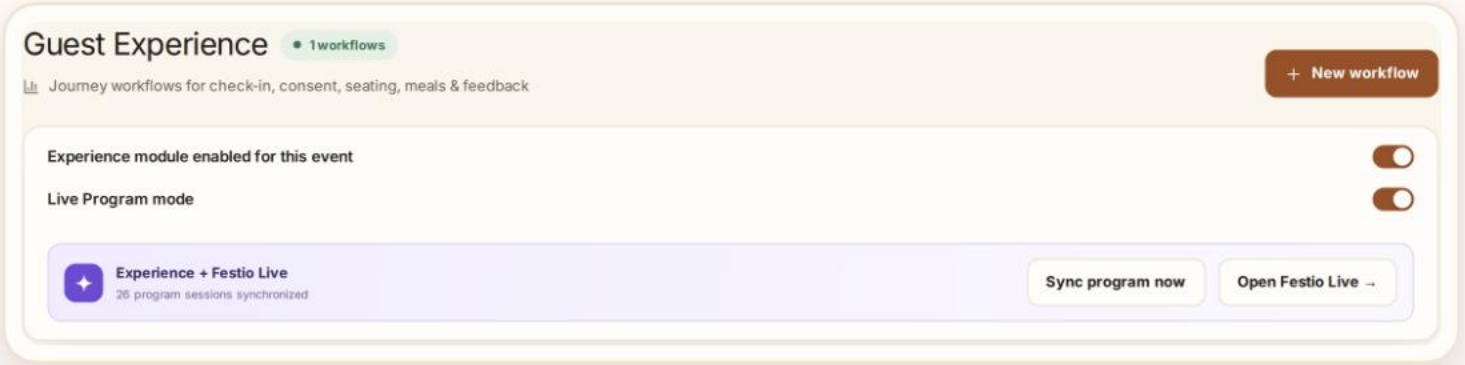

The program is synchronized to Festio Live.

WHAT STAFF DO

- Room ambassador scans at tracked sessions
- Existing camera phone, no special scanner

WHAT NCNMO GETS

- Person-level attendance where it matters
- The program synchronized to Festio Live

Guest Experience: program synchronized to Festio Live

events@festio.events | festio.events

Polls, Quizzes, Voting, Q&A and Word Cloud

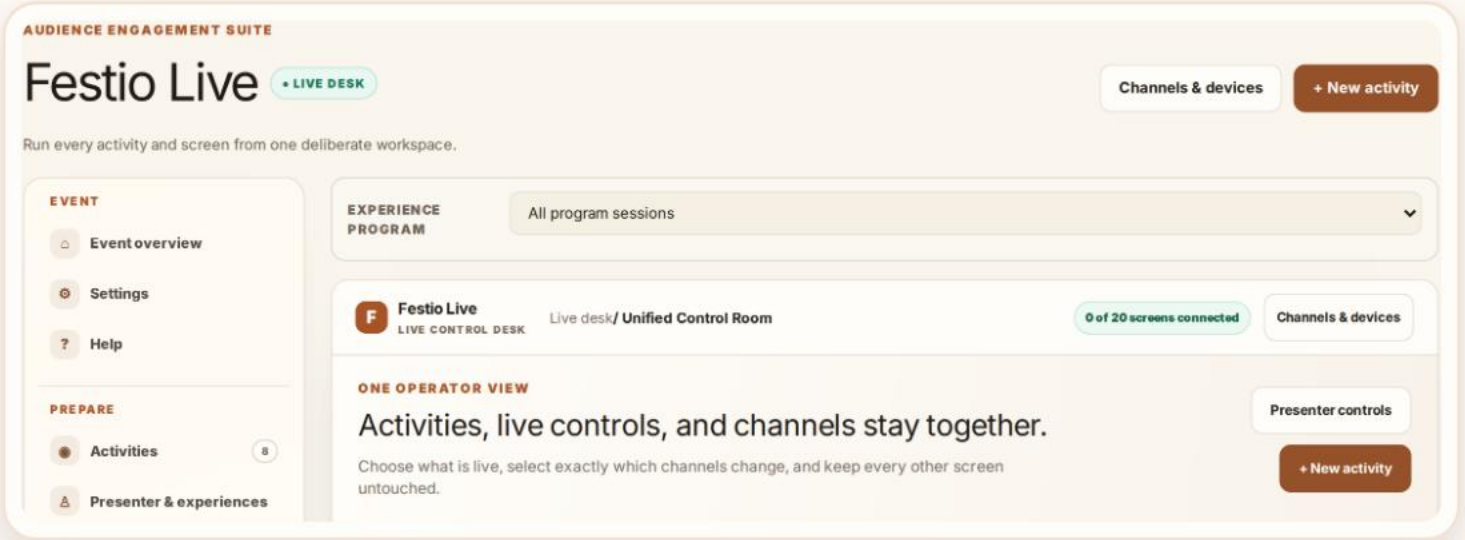

One operator view for every activity and screen.

WHAT STAFF DO

- A moderator or AV operator runs each activity
- Send it to the big screen

WHAT NCNMO GETS

- Live results on screen
- Moderation before anything is shown

Festio Live desk: one operator view

events@festio.events | festio.events

Consent, Competitions and Community

Built on the same tools; NCNMO supplies the content.

YOUTH SPORTS CONSENT

Guests sign in the Guest Hub with NCNMO's wording.

QURAN COMPETITION

A scored quiz with a live leaderboard.

AFROPRENEUR CHALLENGE

Audience voting, with results revealed by staff.

ASK THE SHEIKH

Questions submitted, upvoted and moderated before display.

SINGLES NIGHT

A restricted session with its own entry rules.

FESTIOME

Group chat for approved adults, with event-specific access.

WE NEED: Consent wording • Candidates and questions • Singles Night rules

events@festio.events | festio.events

Communications and Feedback

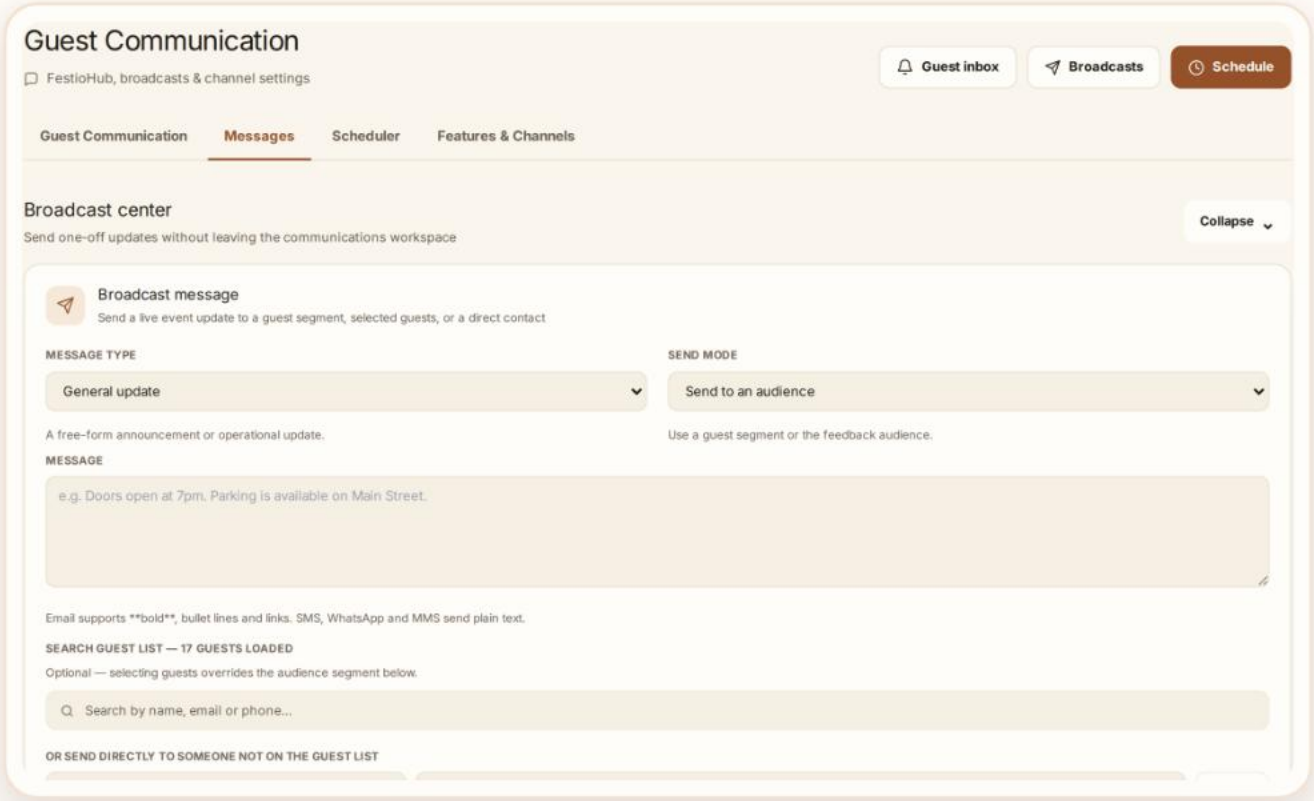

Text and WhatsApp to everyone, or to a group.

WHAT STAFF DO

- Compose and send, or schedule
- Send only to guests who have opted in

WHAT NCNMO GETS

- Delivery results
- A feedback summary at the close

Broadcast center

Next: Live dashboards and reports

events@festio.events | festio.events

Live Dashboards and Reports

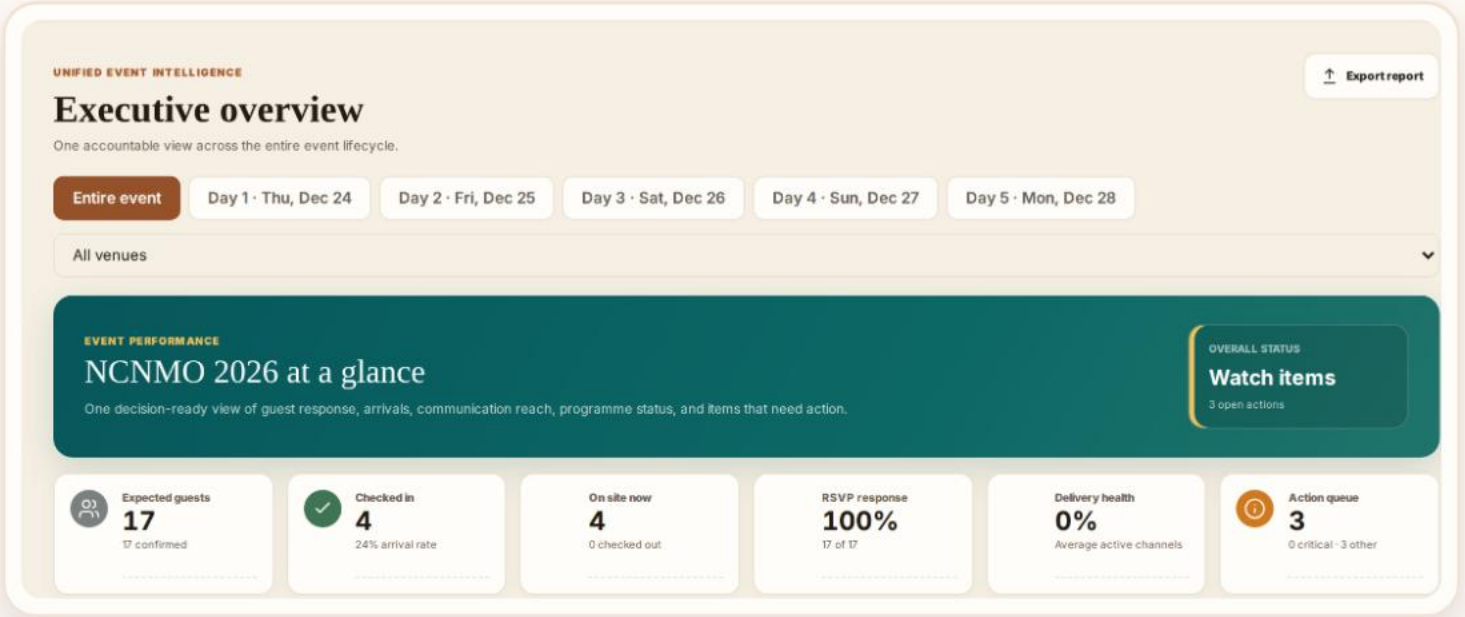

Arrivals, response and actions in one view.

WHAT STAFF DO

- The operations team watches the picture all day

WHAT NCNMO GETS

- Arrivals, response and actions in one view
- Downloadable reports

Executive overview across the five days (demo data)

Next: What is ready today

Each Proposal Item and What Is Still Needed

Ready today, with the content only NCNMO can provide.

● Ready ● Ready; input needed

~2,000 registrations import
Ready; need Knack export

Check-in and check-out
Ready

ID card with QR on the back
Ready; need NCNMO template and ID format

Junior Platform and handoff
Ready

Teacher and volunteer check-in/out
Ready; groups to set up on the live event

Meals (menu loaded)
Ready

Souvenir distribution
Ready; timing to confirm

Program and sessions
Ready; final program to load

Word cloud
Ready

Voting, quiz and Q&A
Ready; need candidates and questions

Youth sports consent
Ready; need NCNMO wording

Singles Night
Ready; need rules

Text and WhatsApp
Ready; enable after opt-in set-up

Next: RFID: today, next, later

events@festio.events | festio.events

Our Honest Answer on Moving to Passive Reading

QR today, with a clear path to NFC and walk-through RFID.

TODAY: QR

QR on every badge, staff scan with phones, and no extra hardware.

NEXT: NFC TAP

The same badge also holds an NFC tag. Tap to scan, still a person doing the reading.

LATER: WALK-THROUGH

UHF tags read at gates, tag-to-guest pairing at badge pickup, and a gate bridge into Festio.

TODAY: RFID is not built today • One token feeds the same system • Pilot at one gate, QR as fallback

events@festio.events | festio.events

A Lean Path With Proof Before the Convention

Demonstrate, rehearse, then run Platform 2026.

1

DEMONSTRATE

Review the configured journey, dashboards and reports with the team.

2

IMPORT & REHEARSE

Load the real registrations, then run a full dry run with NCNMO staff and volunteers on their own devices.

3

RUN PLATFORM 2026

Go live on Dec 24 with agreed success measures, on-call support and daily reporting.

STAYS OPTIONAL: Any wider deployment • Including RFID • Separately scoped

Next: Decision and next steps

Recommended Decision Today

Three steps from approval to a ready team.

1

DECIDE: APPROVE A WORKING SESSION

Confirm the priority checkpoints and a date for the dry run.

2

DEFINE: AGREE THE DETAILS

Junior policy, communications, badge format, volunteer roles and success measures.

3

DELIVER: LOAD CONTENT AND TRAIN

Final program and content loaded, team trained, dry run complete.

NEXT: A written plan • With owners and dates • Brought to the working session

events@festio.events | festio.events

Festio × NCNMO

APPENDIX

Reference material

Festio and Knack, day-by-day flows, staffing, screenshots and what we need from NCNMO.

Knack Keeps Doing What It Does Well

Festio becomes the event-operations layer on top.

Knack

Registration and member data, as today.

Festio

The event-operations layer, built for the convention.

On the day

QR, check-in, Junior, meals, sessions, engagement, reporting.

Festio does not replace your registration data. It turns it into a live, operated event.

Based on the published features of Knack; to be validated with NCNMO's own Knack setup.

events@festio.events | festio.events

Where Each One Is Strongest

A side-by-side view of the two tools.

CAPABILITY	KNACK	FESTIO
Registration forms	Custom forms	Built in
Guest records and households	Custom tables	Built in
QR ID and scan check-in	Custom-built	Built in
Meal and souvenir collection	Custom-built	Built in
Age groups and guardian handoff	Custom-built	Built in
Live polls, voting and Q&A	Needs another tool	Built in
Group chat	Not provided	FestioMe
Non-event data and member records	Strong	Not the goal

Based on Knack's published features; to be validated with NCNMO's own Knack setup.

events@festio.events | festio.events

Day Zero: Everything Done Before the First Guest

Prepare, import, issue credentials and rehearse.

1

CONFIGURE THE EVENT

Dates, timezone, rooms, age groups, meal services, program.

2

IMPORT REGISTRATIONS

Load the existing Knack registrations; no one registers twice.

3

ISSUE QR IDS

A QR per guest; print badges or send links to phones.

4

TRAIN THE TEAM

Staff roles, volunteers, device checks, scanning practice.

5

PRE-EVENT ENGAGEMENT

Word-cloud question: what do you expect from Platform 2026?

6

GO-LIVE CHECK

Dry run of arrival, a meal, a session and a handoff.

OUTPUT: Guest list • QR IDs • Program and menu • Staff roles • NCNMO sign-off

Next: Dec 24: arrive and open

events@festio.events | festio.events

Dec 24: Arrival, Badges and the Opening Gatherin

Day 1 of 5.

1

ARRIVAL

Scan QR at the main entrance; check-in recorded; guest sees their hub.

2

BADGE DESK

Issue or reprint a QR ID card for anyone without one.

3

PARENTING WORKSHOP

Room ambassador scans attendance where NCNMO elects to track.

4

OPENING GATHERING

Attendance plus a live poll on the big screen.

CAPTURED: Arrivals • Badge issues • Session attendance • Poll results

events@festio.events | festio.events

Dec 25–26: Sessions, Meals and Participation

Days 2 and 3 of 5.

1

JUNIOR & YOUTH ENTRY

Scan at each controlled entrance; guardian handoff where policy requires.

2

AGE-GROUP SESSIONS

Each child sees only their group's program.

3

MEALS

Scan the pass at the station; one collection per meal service.

4

ENGAGEMENT

Ask the Sheikh Q&A, quizzes; Singles Night on Dec 26.

CAPTURED: Movements • Collections • Attendance • Q&A and quiz results

events@festio.events | festio.events

Dec 27: The Gala, Planned for Volume

Day 4 of 5, the busiest day.

1

CONCURRENT SESSIONS

Adult networking and youth activities at the same time.

2

LUNCH

Scan to collect, as on previous days.

3

FAMILY GALA

Gala check-in and attendance across all age groups.

4

DINNER & VOTING

Dinner collection for about 900 guests; Afropreneur voting.

CAPTURED: Gala attendance • Dinner collections • Vote counts

events@festio.events | festio.events

Dec 28: Close the Loop and Measure the Result

Day 5 of 5.

1

LAST LUNCH

Scan to collect.

2

CLOSING REFLECTIONS

Final session attendance.

3

FEEDBACK & SOUVENIRS

Feedback in the Guest Hub; souvenir collection at the desk.

4

FINAL CHECK-OUT & REPORTS

Check-out scans; dashboards and reports.

OUTPUT: Attendance • Meals and souvenirs • Feedback • Movement reports

Next: Questions and discussion

Coverage and Equipment at Each Checkpoint

Your own people, on the devices they already have.

CHECKPOINT	COVERAGE	EQUIPMENT
Main arrival and departure	NCNMO registration team	Existing phones or tablets; optional badge printer
Junior Platform	NCNMO safeguarding staff	One phone or tablet per controlled entrance
Teachers and volunteers	NCNMO registration team	Existing phones; same QR badge
Meals and souvenirs	NCNMO distribution volunteers	One phone per active station
Concurrent sessions	One room ambassador per tracked session	Existing camera phone
Festio Live	Session moderator or AV operator	Existing laptop and display

Tracking every simultaneous room is possible but needs an operator at each entrance. Festio can quote an optional managed scanning team.

events@festio.events | festio.events

The Import Screen

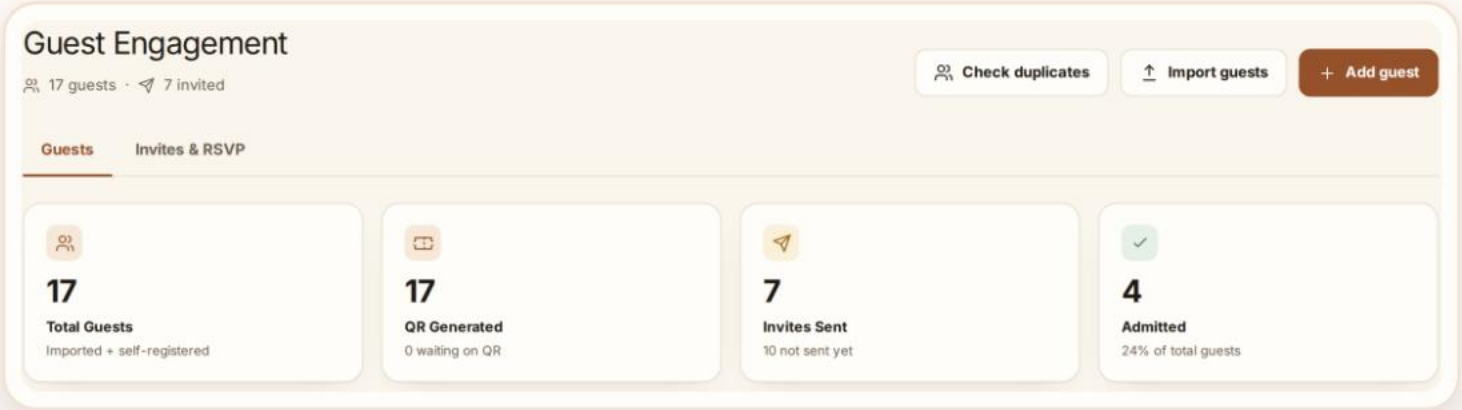

Upload the CSV exported from Knack.

WHAT STAFF DO

- Click Import guests
- Choose the CSV exported from Knack

WHAT NCNMO GETS

- Check duplicates finds repeat entries
- Age groups and tags can come from the file

Guest list with Import guests and Check duplicates (demo event)

events@festio.events | festio.events

Your Registrations and the QR ID Card

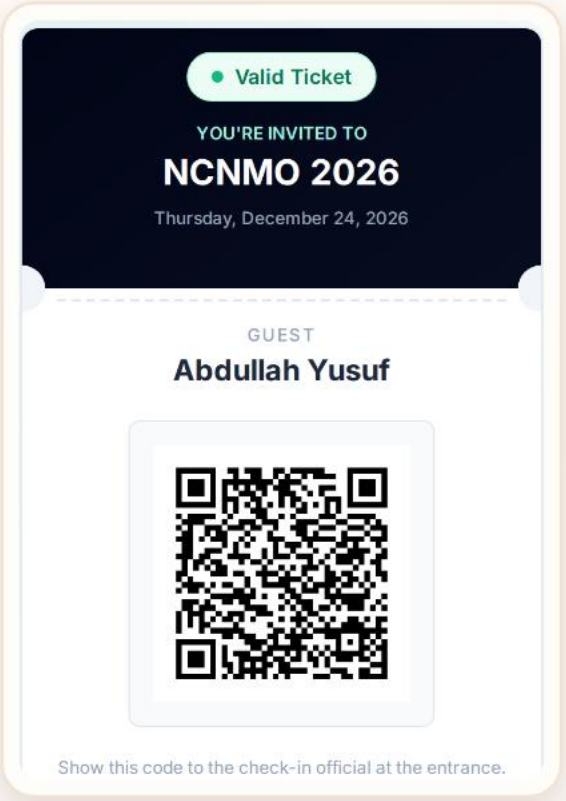

Imported once, ready to print or send.

WHAT YOU SEE

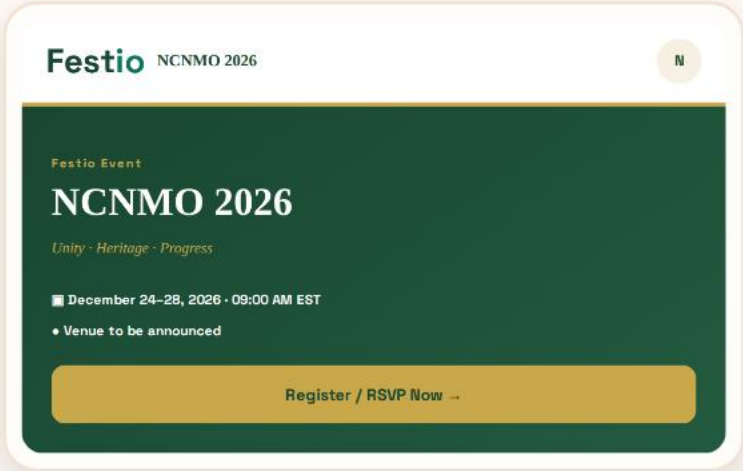

- About 2,000 registrations imported from Knack
- A registration page with the event name
- A QR ID card with a unique code

WHAT STAFF DO

- Export from Knack and upload the CSV
- Generate QR codes for all guests
- Print badges or send links to phones

Guest QR ID card (demo guest)

Registration page (demo data)

events@festio.events | festio.events

The Guest Hub on Every Guest's Phone

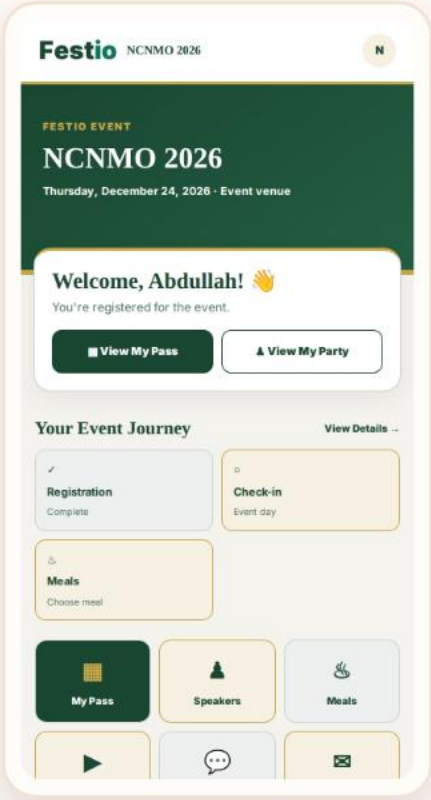

One place for the pass, the program and the day's activities.

WHAT THE GUEST SEES

- A welcome with View My Pass and View My Party
- Their event journey: registration, check-in, meals
- Tiles for My Pass, Speakers, Meals, Festio Live, FestioMe and Communications

WHY IT MATTERS

- Opens from a personal link, no sign-up
- One place for the pass, the program and the day's activities

Guest Hub on a phone (demo guest)

Next: Junior operations

Junior Platform and Guardian Handoff

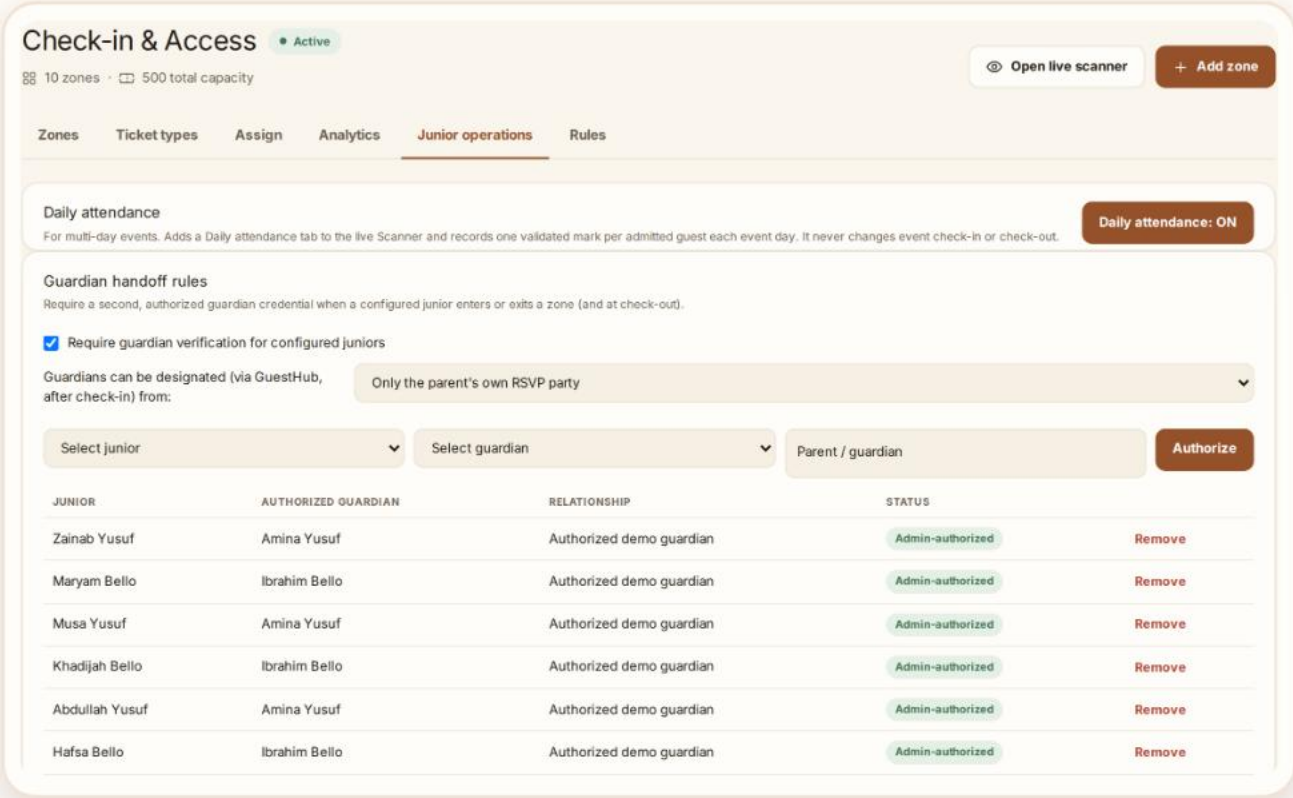

Rules, authorized guardians and a full audit trail.

WHAT STAFF DO

- Safeguarding staff at each Junior entrance
- Confirm the guardian, then admit

WHAT NCNMO GETS

- An audit trail of every handoff
- Attendance by age group

Junior operations: guardian handoff rules (demo family)

events@festio.events | festio.events

Peak Arrivals, Room Flow and Denied Scans

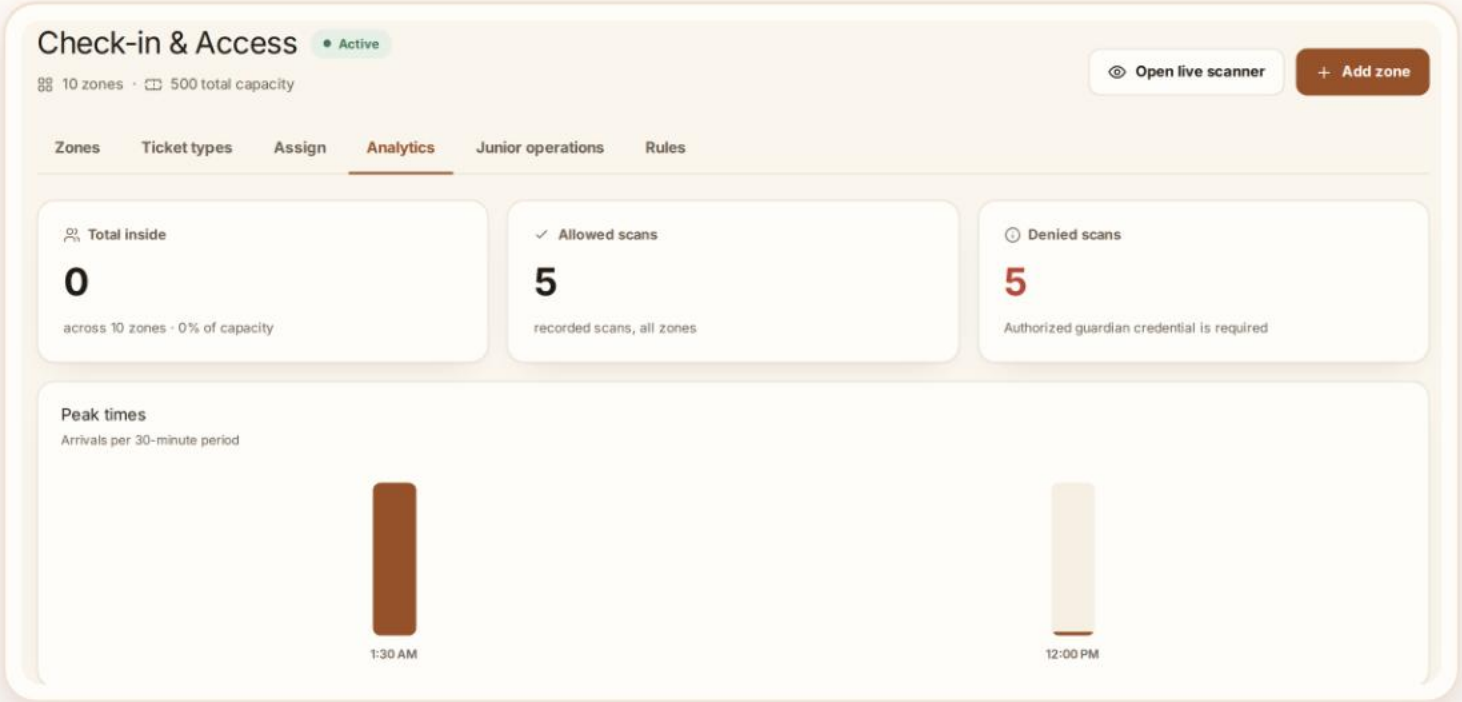

Know where to put staff, and why a scan was refused.

WHAT STAFF DO

- Operations team monitors through the day

WHAT NCNMO GETS

- Peak arrival times in 30-minute periods
- Why scans were denied, such as a missing guardian

Check-in analytics (demo data)

events@festio.events | festio.events

Content Only NCNMO Can Provide

Eight items to confirm in the working session.

FINAL PROGRAM

Sessions, rooms and times for all five days.

CONSENT WORDING

NCNMO's youth sports consent or agreement text.

COMPETITION CONTENT

Afropreneur candidates and Quran Competition questions.

SINGLES NIGHT RULES

Who can attend and any entry conditions.

SOUVENIR PLAN

What is handed out, when and where.

ID CARD DETAILS

The ID card template and the guest ID format.

TEACHER AND VOLUNTEER LISTS

Names and groups, so each gets a QR badge.

PEOPLE AND POLICY

Staff and volunteer roles, Junior policy and message opt-in approach.

BRING: Owners and dates for each item • A named contact per area

Next: Questions and discussion

events@festio.events | festio.events
